dappertime Say hello to #DTinceptor (\$79), one of the new pieces in the Dapper Collection. For the gentleman who doesn't need style explained, revel in the numberless, transparent design, with plenty of bling offered in the diamante studs and riveted gold bezel.

dappertime Before #Ferrari went all boxy in the 80s with their 348s and Testarossas, there was the uber sensual and sleek #Dino in the 70s... About 2 years ago Rolling Stones guitarist Keith Richards sold a very similar car to this for about €300K at auction. Worth every cent 🤩 Photo via @exoticsmotorsport #DapperTime #dapper #carporn #ferraridino #70s #classiccars #italiancars #silver #luxury #menstyle #gentleman #picoftheday #photooftheday
